- Summary: Compares the reviews of two movie searches to suggest which movie the user should watch
- Role: Front end designer
- Tools: HTML, CSS, JavaScript, Bulma, jQuery, Omdb API, Giphy API

WeatherApp | Github Repo | Deployed Project
- Summary: Weather app that provides current and future weather forecasts in cities.
- Role: Sole author
- Tools: HTML, CSS, JavaScript, jQuery, API, Bootstrap, OpenWeather API

EXPERIENCE

TRiLL DYLL PRODUCTIONS, LLC   **Jan 2014 – Present**
Sound Designer/Audio Engineer
Phoenix, AZ
- **Problem-Solving Skills**: Proficient in troubleshooting technical issues, transitioning from audio engineering to web development has honed my ability to diagnose and resolve programming challenges effectively.

- **Attention to Detail**: Known for meticulous attention to detail in audio engineering, ensuring high-quality sound production. Translating this precision to web development, I prioritize clean, bug-free code and responsive design for optimal user experiences.
- **Project Management**: Seasoned in managing multifaceted projects with tight deadlines, acquired during experience in audio engineering. Adapting these skills to web development, I excel in meeting client and team expectations while delivering high-quality results.
- **Communication**: Adept at effective communication with clients, musicians, and team members within the audio engineering realm. This skill seamlessly translates to web development, facilitating clear discussions on project requirements and updates, fostering collaborative team environments.
- **Creativity**: Demonstrated ability to think creatively, essential in crafting unique and top-tier audio content. Applying this creativity to web development, I innovate in designing intuitive user interfaces and solving complex development challenges.
- **Technical Proficiency**: Proficient in utilizing various technical equipment and software within audio engineering. This expertise extends seamlessly to web development, embracing new programming languages, frameworks, and tools for robust development solutions.
- **Critical Thinking**: Skilled in analyzing and optimizing audio quality, paralleling the capability to critically assess and enhance website performance in web development endeavors.
- **Time Management**: Proven track record in meeting recording and production deadlines, highlighting strong time management skills. Bringing this expertise to web development, I effectively manage projects, ensuring timely completion and milestone achievement.

Blanco Biltmore   **Nov 2022 – Present**
Server
Phoenix, AZ
- Utilized strong communication and customer service skills to greet and seat guests, provide menus, and explain daily specials.
- Demonstrated attention to detail by accurately taking food and drink orders, while also accommodating special dietary requests and allergies, showcasing precision and adaptability.
- Fostered teamwork and coordination with kitchen staff to guarantee timely and accurate food service, highlighting collaboration and time management abilities.
- Contributed to the growth of the team by training new employees and providing support for serving private dining parties and events, displaying leadership and adaptability in different contexts.

EDUCATION

Certificate, Full Stack Web Development – Arizona State University
